

TimeWick by TimeMist®

TimeWick Natural

Developed from a unique blend of essential oils and natural extracts for the sole purpose of eliminating odors, Natural effectively removes odors without masking them, creating a fresh, scentless area. Natural is non-toxic and non-hazardous.

TimeWick Natural is the ultimate solution when the desired result is fragrance-free removal of malodors. Perfect for hospitals, retirement communities, doctor offices, waiting rooms, dorm rooms and any other area that you would like to achieve fragrance-free odor counteracting.

Unlike similar systems that utilize battery-like technology to fuel their product, the TimeWick is a completely passive system that needs no energy source – only supreme engineering, state of the art wick technology and tried and true physics.

- Completely passive; no power source
- Small dispenser and refill discreetly create a fresh, scentless area
- Attractive design
- Easy to use
- Tamper resistant
- Fits similar dispensers
- Highly cost effective
- VOC Exempt
- 60-day refill life
