

TimeMist® Water Conservation

Water is one of our most precious resources . . .
Why waste it?

Four easy ways to help green your facility, save thousands of gallons of water and hundreds of dollars per year.

1 Replace your old flush-valve diaphragms with water conserving units

1 gallon diaphragm kit 39-2115ZR
.5 gallon diaphragm kit 39-2120ZR

2 Install the Pint Flush urinal and save up to 30,000 gallons of water per year

Pint Flush 39-3175TM

3 Install TimeMist Dual Flush devices on your water closets

Dual Flush 39-3350ZR

4 Replace your current aerators with new lower flows

Low Flow Faucet 39-2300ZR
Aerator only 39-2250ZR
